Raleigh · Greenville

OUR MISSION

To meet essential needs and equip adults and families with the support, skills and connections they need to live with stability, dignity and hope in their communities.

OUR VISION

Communities across eastern and central North Carolina where every person, no matter their past, has what they need to live and thrive: a full table, a safe place to live, meaningful work, and people who believe in them.

Who we serve: adults 18 and older and their families facing poverty, hunger, housing instability, return from incarceration or early recovery, in Wake and Pitt Counties, expanding to Nash, Halifax, Edgecombe and Martin Counties. Every service is free.

What we do

Community Essentials
Food, clothing, hygiene and household items at both offices and community drives, at no cost.

Abundant Life Journey
Our core program: a 12-area Life Assessment, a personal Life Plan, a peer mentor, ten course tracks and four weekly support groups.

Reentry & Recovery Support
Before and after release: IDs, records, benefits, transportation, peer mentoring and links to treatment of the person's choice.

Vocational Training & Jobs
Job readiness, credentials (ServSafe, OSHA-10, forklift), work gear, second-chance employers and 90-day job support.

Recovery Housing
Safe, substance-free recovery residence beds in Greenville with a recovery housing partner. Residents choose their own provider.

Community Wellness
Recovery and mental health awareness, resource fairs, naloxone training, and work with congregations, schools and agencies.

Our objectives

1. **Meet essential needs** with free, low-barrier food, clothing and basics at both offices.
2. **Move people from crisis to stability** through the Abundant Life Journey, measured across 12 areas of life.
3. **Open the door to work** with credentials, second-chance hiring and support past 90 days.
4. **Help people come home and stay home** through reentry navigation, peer support and housing.
5. **Provide safe recovery housing** with resident rights and free choice of provider.
6. **Build a strong, accountable organization** with an independent board and honest reporting.

How we measure results

- **Essentials:** people and households served, items distributed
- **Journey:** Life Assessment change, goals met, graduates
- **Work:** credentials earned, jobs, 90-day retention
- **Reentry:** re-arrest and return at 6, 12 and 24 months
- **Housing:** people housed and still housed at 90 days
- **Organization:** cost per participant, reports on time

Our values

Dignity · Compassion · Faith in action · Stewardship · Accountability · Partnership

How we partner

Referral partners
Courts, probation, shelters, clinics and case managers refer; we close the loop with consent.

Employers
Hire trained, supported candidates; ask us about WOTC and Federal Bonding.

Housing partners
Landlords and recovery residences who open doors to a fresh start.

Congregations
Host drives and groups, provide mentors and meeting space.

Training partners
Colleges and trainers deliver credentials and GED prep.

Funders & donors
Invest in measurable results reported to our Board quarterly.

OUR STANDARDS We never pay or accept anything for referrals · people always choose their own providers · information is shared only with written consent · faith activities are always voluntary · we provide no clinical treatment and bill no insurer.
